

Fleece Sponsorship @ FLYING ROWAN FARM

DO YOU WANT A BEAUTIFUL, CLEAN FLEECE NEXT YEAR FROM OUR MICHIGAN FLOCK?

HOW ABOUT FIRST DIBS ON THAT 'SPECIAL' FLEECE?

WHAT IF YOU COULD ENSURE YOUR CHOSEN FLEECE WILL BE FREE OF HAY & CHAFF?

WOULD YOU LIKE TO DIRECTLY CONTRIBUTE TO THE QUALITY OF OUR WOOL?

PAY IT FORWARD NOW AND SPONSOR A FLEECE!

WHAT IT COSTS...

FLEECE SPONSORSHIP COSTS \$150 PER FLEECE WHICH WILL BE APPLIED TOWARDS YOUR FUTURE PURCHASE

HOW IT WORKS ...

LET US KNOW THE NAMES OF THE SHEEP YOU'D LIKE TO SPONSOR. WE'LL DO THE REST!

Details:

Review the attached list of the sheep that produce the finest wool in our flock, plus the lambs expected to have the softest hogget fleeces. We wouldn't sell you sub-par wool, and we won't ask you to sponsor it!

Once we receive your request, we will bill you for your sponsorship. Payment is due by 4/30/2025.

With the up-front money, we will order coats for sponsored sheep, cover the sheep, and change coats as sheep outgrow them. Adult sheep are expected to grow through about 4 sizes of coats!

Next year, upon shearing, you get first choice to purchase your sponsored fleece(s) and any other available fleeces. You will receive full sponsorship value towards the purchase of 2026 fleeces at 2025 pricing!

Example:

Sponsor two fleeces (True and Ruby).

Cost of sponsorship = \$300 (\$150 x 2)

In 2026, after shearing:

- Assume clean, coated fleeces from True and Ruby are 4 and 5 pounds, each
- Pricing for coated fleece is \$35/pound. True and Ruby's fleeces would cost \$140 and \$175, respectively, totaling \$315.
- Assume you want both fleeces (and, of course you do!!)

You would pay the balance of only \$15!
(\$315 cost of fleece minus \$300 sponsorship)

You would receive two prime Flying Rowan fleeces that have been coated for the entire season.

SHEEP	BREED	COLOR	CHARACTERISTICS
Adult Fleeces			
True, our foundation ram	Finnsheep	Very white-white	Large fleece with a long staple and a soft, pillowy hand.
Cobalt, our second ram	North Country Cheviot	White	Dense fleece with moderate, consistent crimp
Greta	North Country Cheviot Cross	Creamy Ivory	A smaller fleece, by weight. Lovely crimp with a consistent staple and lock structure. The finest of our foundation ewes.
Ruby	Finnsheep/Romney Cross	Darkest brown, fades towards golden	Large fleece with gorgeous curly locks, very springy, lofty wool with a deep brown hue, tending towards black. I expect less fading from a coated fleece
Mona	Finnsheep/Gotland Cross	Silvering grey fleece	Long lustrous staple that oozes luxury. One of our largest fleeces, by weight because wool is quality throughout. No kemp to skirt out of this fleece!
Pihla	Pure Finnsheep Ewe	Fawn	Lovely open-crimped fleece with a long staple and a soft hand. Pihla is new to our flock this year, so we'll know more about her fleece after shearing.
Kalevah, the new ram!	Pure Finnsheep Ram	Chocolate	Open-crimped fleece with a long staple and soft hand. Kalevah is new to our flock this year, so we'll know more about his fleece after shearing.
2026 Fleeces from other ewes			
Visit us on Shearing Day or anytime this Spring to get to know our flock, see their wool up-close, and choose your favorites! We love visitors ❤️			
2026 Hogget Fleeces from 2025 Lambs			
Until lambs are on the ground, we won't know what's available, but we expect some exceptional lambs this year!			

True
